TSM 099 **63117**

Graphing Test - Practice Test

Name: _____ Date: _____

Students may use a basic, non-scientific calculator only. No notes or other technology.

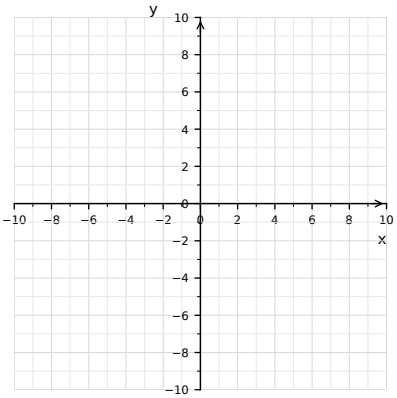

Write final answers in the space provided in the right column.

1. Graph both lines on the same grid and give their intersection. Record: (a) graph; (b) ordered pair.

$y = x + 2$

$y = -2x - 7$

1. (a)

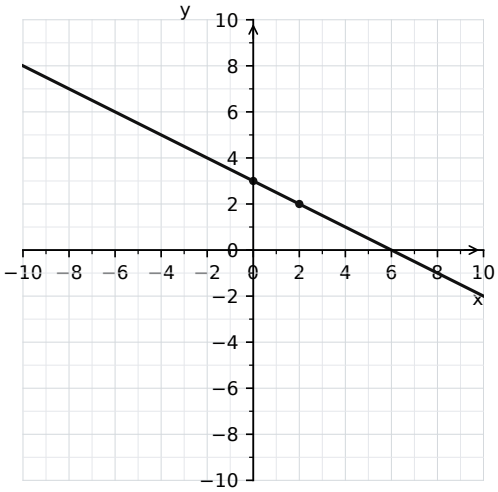

12 pts

(b)

8 pts

2. Write the equation of the displayed line in slope-intercept form.

2.

20 pts

Test continues on the other side of the sheet.

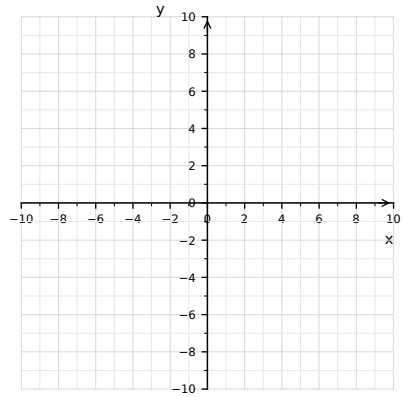

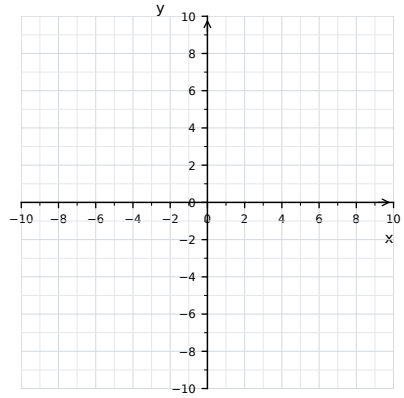

TSM 099 **63117**

Graphing Test - Practice Test

Name: _____ Date: _____

Students may use a basic, non-scientific calculator only. No notes or other technology.

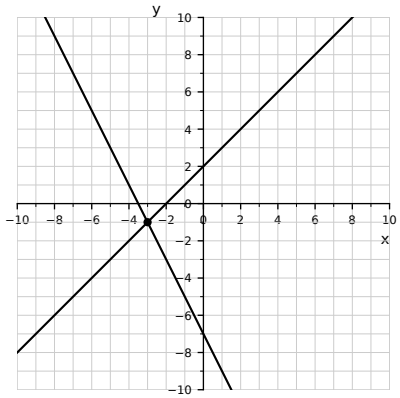

Write final answers in the space provided in the right column.

3. Find both intercepts and graph the line on the grid. Record: (a) intercepts; (b) graph. $3x + 4y = 24$	3. (a) 8 pts (b)  12 pts
4. Find the slope-intercept equation through the two points. $(3,\ 0);\ (6,\ 2)$	4. 20 pts
5. Graph the line on the grid. $y = \frac{3x}{2} - 3$	5.  20 pts
